Flyback Transformer

For Texas Instruments LM5001 Switch Mode Regulator

- Developed for the Texas Instruments LM5001 High Voltage Switch Mode regulator for isolated and non-isolated flyback topologies.
- Output of the auxiliary winding is 7.5 V used to power the IC
- 1500 Vrms, one minute isolation from the primary and auxiliary winding to the secondary

Core material: Ferrite
Terminations: RoHS tin-silver over tin over nickel over phosph bronze.
Weight: 6.28 g
Ambient temperature: –40°C to +85°C
Storage temperature: Component: –40°C to +85°C.
Tape and reel packaging: –40°C to +80°C
Resistance to soldering heat: Max three 40 second reflows at +260°C, parts cooled to room temperature between cycles
Moisture Sensitivity Level (MSL): 1 (unlimited floor life at <30°C / 85% relative humidity)
Packaging: 175 per 13” reel Plastic tape: 32 mm wide, 0.5 mm thick, 32 mm pocket spacing, 12.98 mm pocket depth
PCB washing: Only pure water or alcohol recommended

1. When ordering, please specify packaging code:

   **FA2636-AL**

   **Packaging:**
   - **D** = 13” machine-ready reel. EIA-481 embossed plastic tape (175 parts per full reel). Quantities less than full reel available: in tape (not machine ready) or with leader and trailer ($25 charge).
   - **B** = Less than full reel. In an effort to simplify our part numbering system, Coilcraft is eliminating the need for multiple packaging codes. When ordering, simply change the last letter of your part number from B to D.

2. Inductance is for the primary, measured at 250 kHz, 0.2 Vrms, 0 Adc.
3. Ipk is peak primary current drawn at minimum input voltage.
4. DCR for the secondary is per winding.
5. Leakage inductance measured between pins 3 and 2 with all other pins shorted.
6. Turns ratio is with the secondary windings connected in parallel.
7. Operating temperature range –40°C to +85°C.
8. Electrical specifications at 25°C. Refer to Doc 362 “Soldering Surface Mount Components” before soldering.

### Dimensions

- **Recommended Land Pattern**
- **Secondary windings to be connected in parallel on the PC board.**
